

Detoxification—IV/ Oral Chelation Therapy Price Information

Detoxification Consultations:

Initial Detoxification consultation including Heavy Metal Urine Test Kit:	\$895*
Initial Detoxification consultation without Heavy Metal Urine Test Kit:	\$695*

*The initial Detoxification consultation, which includes the Heavy Metal Urine Test kit, must be pre-paid when you pick up the test at our office. The test kit consists of the DMSA capsules and a pre and post-DMSA urine test kit.

Additionally, you will require essential lab work for the consultation, and you may send us results, or we can order the lab work required.

* The initial Detoxification consultation without a Heavy Metal Urine Test kit requires you to send us your Heavy Metal Urine test results and basic lab work before we schedule your appointment.

Detoxification—IV Chelation Therapy Treatment:

IV Rapid EDTA Chelation:	\$245
IV Rapid EDTA Chelation with Myers' Cocktail:	\$395
IV Rapid EDTA Chelation with Myers' Cocktail and Glutathione:	\$495
5 Prepaid Rapid EDTA Chelation:	\$1,135*
5 Prepaid Rapid EDTA Chelation with Myers' Cocktail:	\$1,735*
5 Prepaid Rapid EDTA Chelation with Myers' Cocktail & Glutathione:	\$2,150*
IV Blood Ozone Treatment with Rapid EDTA Chelation:	\$375
5 Prepaid IV Blood Ozone Treatment with Rapid EDTA Chelation:	\$1,675*

*All five (5) prepaid IVs must be used within 90 days from the date of purchase.

We advise you to please hydrate well before any IV (i.e., drink plenty of water). Hydrating before an IV will help to ensure that your IV is successful. Sometimes your veins do not permit us to administer an IV if you are not well hydrated successfully.

Please note that a \$40 administration fee applies if the IV content is savable for you to have done at a later date. If the IV content is unsavable, then the total/full cost of the unsuccessful IV will apply.

An initial Detoxification consultation is required. The duration of the consultation appointment is one (1) hour with Dr. Laurie Blanscet, D.O. This consultation is prepaid when you pick up your test kits.

If you are scheduling a consultation without the test kits, a deposit fee is required when scheduling your initial consultation. The deposit fee will apply towards your total amount due at the time of service and is refundable if you cancel with a two (2) business day notice for the initial consultation without the test kit.

The treatment plan may be oral Chelation medication (through the compounding pharmacy) or IV Chelation (administered at our office by a certified RN).

All treatment cost for Detoxification is at a separate cost from the initial consultation.

The Heavy Metal Urine test results are required for us to schedule your appointment. If you have had a Heavy Metal Urine test within the last six (6) months, please obtain copies of your results and send them to our office. Otherwise, we will have you do a Heavy Metal Urine test before scheduling your appointment. We will schedule your initial consultation once the results are in (it takes approximately three (3) weeks).

Payment for the Heavy Metal Urine test kits is due at the time of pick up at our office.

For information on this or any other services, please send us a message at frontoffice@anoptimalyou.com or contact our office at (951) 461-3021.

We look forward to optimizing your health!

We treat patients in Murrieta, Temecula, Perris, San Jacinto, Fallbrook, Winchester, Wildomar, Hemet, and other surrounding cities in the Temecula Valley, CA.

Here at An Optimal You, we value every patient. Cancellations with short notice and missed appointments adversely affect our ability to accommodate patients. Therefore, An Optimal You has a cancellation policy for all initial and follow-up appointments.

A cancellation fee will apply if you do not cancel your appointment with at least two (2) business days' notice (a business day is Monday-Friday, non-holidays).

To avoid a cancellation fee, you must contact our office two (2) business days before your appointment to reschedule. (Of course, we do understand significant emergencies and encourage you to contact our office immediately if an unforeseen event occurs, and we will evaluate your situation on an individual basis)

For optimal treatment, communication is necessary. Therefore, any missed initial consultations (i.e., no contact with our office) will not be available for rescheduling. If an established patient misses two (2) appointments (i.e., no communication to our office regarding the need to cancel the appointment), then dismissal from the practice will occur.

We do our best to accommodate your needs and ask that you respect other patients by giving our office adequate notice when needing to reschedule an appointment.
