We look forward to optimizing your health!

We treat patients in Murrieta, Temecula, Perris, San Jacinto, Fallbrook, Winchester, Wildomar, Hemet, and other surrounding cities in the Temecula Valley, CA.

Here at An Optimal You, we value every patient. Cancellations with short notice and missed appointments adversely affect our ability to accommodate patients. Therefore, An Optimal You has a cancellation policy for all initial and follow-up appointments.

A cancellation fee will apply if you do not cancel your appointment with at least two (2) business days' notice (a business day is Monday-Friday, non-holidays).

To avoid a cancellation fee, you must contact our office two (2) business days before your appointment to reschedule. (Of course, we do understand significant emergencies and encourage you to contact our office immediately if an unforeseen event occurs, and we will evaluate your situation on an individual basis)

For optimal treatment, communication is necessary. Therefore, any missed initial consultations (i.e., no contact with our office) will not be available for rescheduling. If an established patient misses two (2) appointments (i.e., no communication to our office regarding the need to cancel the appointment), then dismissal from the practice will occur.

We do our best to accommodate your needs and ask that you respect other patients by giving our office adequate notice when needing to reschedule an appointment.
